

PRODUCTS & SERVICES

PRICE LIST

Prices below are for cash clients only.

Medical aid prices are subject to scheme rates, which vary. If the amount covered by the medical aid is less than the consultation fees below, then a co-payment must be arranged.

Medical aid is only accepted for **medical consultations and certain medications; however, not all procedures may** be covered by medical aid. To be safe, kindly confirm with your medical aid scheme if the procedure you want to book is covered.

NB! All medical aid claims will be done in real time. Unfortunately, if the medical aid does not cover the costs of treatments and procedures done, the client will be liable to pay in full.

With Love,

TIRO YA LERATO PRIVATE CLINIC
